Does Vivalia fits ?

1600 beds

30 beds on 3 sites

Metavision ICU
Zorgi (Belgian EHR Leader)

Fresenius

Theoretical impact Dim3 known

Y + Remedus company

CONN CARE – MARKET SEGMENTATION DIMENSIONS

	HOSPITAL SIZE	# beds	Large Hospitals have 'high-volumes', they might be 'congested' in the execution of other CONN CARE projects
	ICU SIZE	# beds	Large ICUs should be more receptive
	Runs an EHR	N/ehr-brands	Hospital with implementing EHR will demand integration which is depending on the EHR vendor
	ADOPTS QIPs*	N/Y	Hospitals adopting QIPs will be more receptive to implementing CONN CARE solutions to drive one QIP
	EN/PN PUMPS in house	Brands used	Need to target those brands for which we are today integrated
	DRG reimbursement	N/Y	DRG reimbursement might drive interest in SCORSO
	Adopts HOMECARE	N/Y	Hospital discharging pts at home are receptive to FEEDIM offering, and in the future to the discharge management tool

Go/non Go

for selection Vivalia as Site 1
